

Sistema di dosatura volumetrica

Volumetric dispensing system

**GP + GP + VALVOLA 2K
2K VALVE + CONTROLLER**

Sistema di dispensazione volumetrica ad alte portate ideali per fluidi bi-componenti a medio-alta viscosità, come: **sigillanti siliconici 2K, adesivi o lubrificanti 2K ad alta o altissima viscosità, resine per potting 2K, adesivi strutturali 2K.**

High flow volumetric dispensing system ideal for medium-high viscosity 2K fluids, such as: 2K silicone sealants, 2K high or very high viscosity adhesives or lubricants, 2K potting resins, 2K structural adhesives.
